

PROSPER 1000 PLUS

DIGITAL BOOK
SOLUTIONS

Drive improved quality, productivity, cost for runs up to 7,000 copies

Using Kodak's revolutionary Stream Inkjet Technology, the **Kodak Prosper 1000 Plus Press** delivers quality, productivity and lower total cost of operations for run lengths under 7,000 copies. The **Prosper 1000 Plus Press** is a compact monochrome press that offers one-over-one perfecting with a print width of up to 24.5 inches (62.2 cm) at speeds up to 1,000 feet per minute (305 mpm). It is one of the most cost-effective inkjet web press available today for 8-, 12- and 16-page signatures, with a duty cycle of 90 million A4 or US letter pages a month.

With an automated Image Quality Management System, the **Prosper 1000 Plus Press** is capable of print quality that rivals offset output up to 175 lpi on a wide range of uncoated papers. This innovative system is ideal for service providers in the trade, mass market paperback and educational segments that want to differentiate their offerings and drive increased profitability.

Improve supply chain efficiencies with an end-to-end solution

In addition to the **Prosper 1000 Plus Press**, Kodak's digital book solution includes integrated workflow and finishing options, enabling efficient book production that closely follows the demand curve, and helping minimize ordering costs, overproduction, inventory, returns, waste and more. **Kodak Unified Workflow Solutions** offer a powerful suite of tools that help printers more efficiently manage their book business from the enterprise level all the way through production and output processes. **Kodak Prinergy Workflow** centralizes and automates job control for both offset and digital presses, providing a sophisticated production workflow that automates complex tasks, reduces errors and streamlines production.

High impact, fully variable book covers can be printed using the **Kodak NexPress SX Digital Production Color Platform** on a variety of substrates at speeds up to 120 pages per minute, with the option to add a dimensional texture or high gloss finish. Finishing options include in-line finishing of digitally collated book blocks for off-line binding, or fully integrated finishing and binding that delivers complete, perfect bound books at rates of up to 2,000 books per hour¹.

With minimal start-up waste, quick changeover and zero press makeready between jobs, the **Prosper 1000 Plus Press** book solution will help deliver short-run digitally printed books more productively than ever before.

Protect your investment with a scaleable solution

The **Prosper 1000 Plus Press** is a modular and scaleable solution that can be upgraded to full color in the field to meet the needs of the higher education and professional segments. **Kodak Prosper 6000 Presses** offer 4-over-4 perfected output at up to 4,364 A4 or letter pages per minute on uncoated papers.

Improve revenue, margin potential

Kodak's goal is to provide book printing solutions that deliver greater revenue opportunities and improved profit margins for printers and publishers worldwide. It's all about printing the right quantity at the right time at the right cost. Whether it's one book or 100,000, Kodak has the right solution for you. With offset class output and reliability, **Kodak Prosper Press** book solutions featuring Kodak's unified workflow provide seamless integration of offset and digital book production ... without compromise.
